

Amsterdam Lonely

Music and Lyrics by Stephen Smoke

G D A
Got my guitar case wide open
G D A
Singin' "Nowhere Man" to no one at all
G D A
People they look right through me
G D A
Just a modern echo on an ancient wall
G D A
Weekends I go to the Van Gogh
G D A
I choose a picture and I write a song
G D A
Art is timeless, it's a word that lingers
G D A
In a 'Verse that goes on and on

G D A
Walk along the river and I stop at a hash bar
G D A
Sit in the corner and drift away
G D A
Feeling so Amsterdam lonely
G D A
Miss my baby in LA

Refrain:

Bm F# G D
Ohhh... Amsterdam
Bm F# G D
Ohhh... Amsterdam
A D
You got me runnin'
A D
You got me writin'
A D
You got me feelin'
G D A
Oh God, I am alive
G D A
You know I am, I am alive
G D A
You know I am, I am alive

G D A
Van Gogh is darkness in bright color
G D A
Rembrandt character in candlelight
G D A
I hang my pictures of words and music
G D A
In galleries of long and thoughtful nights

G D A
I chase canals into the moonlight
G D A
To a place where the water runs free
G D A
And windmills spin dreams in the darkness
G D A
As the lighthouse paints the sea
